

VENDOR X CORPORATION

PRICING & COST SCHEDULE FOR NORTHSTAR FINANCIAL SERVICES

SCHEDULE ID	EFFECTIVE TERM	CURRENCY	PAYMENT TERMS
SCH-PRC-2025-X99	3 Years (2025–2028)	USD (\$)	Net 60 Days

1. ENTERPRISE LICENSE STRUCTURE

The ApexCognition platform pricing is structured around an annual enterprise subscription model. This fee covers unlimited secure API routing via the Model Context Protocol (MCP), single-tenant VPC isolation, and support for up to 500 active concurrent internal users across NFS risk and compliance departments.

COMPONENT CATEGORY	SERVICE DESCRIPTION & ALLOCATION	ANNUAL INVESTMENT
Base Platform License	ApexCognition Enterprise Suite core engine, vector database connectors, and RBAC security controls.	\$210,000 / year
AI Compute & Token Pool	Dedicated GPU inference capacity with an allocation of 50M tokens/month (Overage billed at \$0.002/1k tokens).	\$75,000 / year
Implementation & Onboarding	Dedicated solutions architect, data pipeline integration, and security review facilitation.	\$35,000 One-Time (Year 1)
Total Year 1 Investment	Comprehensive deployment including setup, licensing, and compute pool.	\$320,000

2. MULTI-YEAR FINANCIAL PROJECTIONS

In accordance with NFS procurement guidelines, annual software licensing escalation is strictly capped to protect enterprise budgeting over a multi-year engagement horizon:

Year 2 Projection Includes base platform (\$215,250) + token compute pool (\$76,875). Incorporates 2.5% price escalation cap.	\$292,125	Year 3 Projection Includes base platform (\$220,631) + token compute pool (\$78,797). Incorporates 2.5% price escalation cap.	\$299,428
---	------------------	---	------------------

Price Protection Guarantee: Vendor X formally guarantees that any renewal rate adjustment will not exceed 2.5% per annum or the US Consumer Price Index (CPI), whichever is lower.

3. PROFESSIONAL SERVICES & CUSTOM MODULES

Additional engineering support, custom data connector development, and specialized regulatory reporting modules are available upon request under pre-negotiated professional services rates:

SERVICE ROLE / RESOURCE	EXPERTISE & SCOPE	RATE / UNIT
Principal Solutions Architect	Architecture design, security enclave configuration, and compliance audit validation.	\$250 / hour
Senior AI/ML Engineer	Custom fine-tuning oversight, vector embedding tuning, and MCP integration.	\$200 / hour
Dedicated Customer Success Manager	Quarterly business reviews, SLA tracking, and ongoing user enablement training.	Included in Base Fee
Custom Data Connector Build	Proprietary database or legacy mainframe integration connector.	\$15,000 / connector

4. INVOICING, BILLING & CREDIT TERMS

Billing operations adhere to Northstar Financial Services corporate financial policies:

- Invoice Schedule:** Annual platform fees are invoiced 30 days prior to the anniversary execution date. Implementation fees are billed upon successful milestone sign-off.
- Payment Terms:** All invoices are payable via ACH or wire transfer within **Net 60 days** from valid invoice receipt.
- SLA Service Credits:** Failure to maintain the guaranteed 99.95% monthly uptime results in automatic service credits applied to the subsequent billing cycle (15% credit for dipping below threshold, scaling to 30% for outages exceeding 4 hours).

5. PROCUREMENT AUTHORIZATION & SIGN-OFF

This pricing schedule is binding when countersigned by authorized representatives of both Vendor X Corporation and Northstar Financial Services Procurement division. All figures are quoted in US Dollars and exclude applicable state or local taxes.
